

Yurim Industrial Co., Ltd.
South Korea

Introduction

Yurim Industrial is a global leader in manufacturing reducers for medium- and large-scale ship engines, as well as key functional components such as pumps (e.g., L.O. pumps and C.W. pumps) and turning gear reducers.

The company specializes in the design and manufacturing of ship and power plant machinery, parts for high-speed trains and subways (M.R.U. and A.R.U.), and transmission components for the defense industry (K-1, K1A1, K2). Yurim Industrial has built a strong reputation for innovation, quality, and reliability across multiple industries, including maritime, energy, rail, and defense. The manufacturer was previously known as Yurim Industry Co., Ltd., YU RIM Industrial Co., Ltd. and Yurim Precision Industrial Co., Ltd.

TK Shipcare delivers Yurim Industrial equipment and genuine spare parts.
